and
University of Dhaka

The Bangladesh Association for Plant Tissue Culture & Biotechnology (BAPTC&B) has so far organized nine international conferences since its inception in 1989 to promote Plant Biotechnology regionally and globally and to popularize this science to commercial entrepreneurs as well as policy makers. In the past several workshops with hands-on training in Plant Tissue Culture, Transformation and DNA markers for crop improvement were also organized by BAPTC&B. Due to these activities, BAPTC&B has been acting as a cohesive force to keep scientists aware of current trends in Plant Biotechnology, enabling them to put it to use for crop improvement programs for the benefit of the country.

As a part of the continuous activities of BAPTC&B we are going to organize **10th International Plant Tissue Culture & Biotechnology Conference** in Dhaka from **9-11 February, 2023**.
